

William Davies Primary school is the school for me

We come to school because it's fun and we like learning too.

The teachers are all friendly and when we're stuck they show us what to do.

We've got our peer mediators and school council too.

If you're feeling sad or lost, they will be there to help you.

Chorus

*We're all friends in our school, it's a wonderful place to be.*

*William Davies Primary school is the school for me.*

Activities and opportunities the school gives them to us.

The children are all happy, we co-operate without a fuss.

Sometimes we have problems but we know that it's okay.

Knowing we will get things right, if we come to school every day.

*We're all friends in our school, it's a wonderful place to be.*

*William Davies Primary school is the school for me.*

Together we achieve, together we believe.

Our goals are in sight.

Together we achieve, together we believe.

When we grow up, our future will be bright.

*We're all friends in our school,  
it's a wonderful place to be.*

*William Davies Primary school is the school for me.*

*William Davies Primary school,  
William Davies Primary school.*

*William Davies Primary school is the school, the best of all, is the school for me.*
