Monday 25th May 2020

Dear Parents and Carers,

I want to keep you updated about the plans for starting to re-open our school. The government has issued the statement that schools should try to re-open for some year groups.

The Leadership Team and the governors have collaborated on a Risk Assessment to decide what is the safest way to start to re-open our school. We have considered:

- How we can keep children and their families safe and how we can protect all staff.
- How we can ensure that there will be enough staff to run the school safely.
- In which order and on what dates the groups can return safely.

After the government announcement on Friday 29th May, I will write to you outlining the small and measured steps we will take to begin to re-open.

Children *will not* be coming back at the same time.

We will send you a direct notification of the date school will be open for your child.

I know that parents are anxious for many reasons and are worried about sending their child back to school. It is my understanding that attendance for the rest of this academic year is a matter of parental choice. Whatever you decide, we will support your decision as best we can.

I urge you to please continue to be careful and remain at home whenever possible. Thank you for your continued support and patience.

Take care,
Ms Norris
