**Date: 29th September 2020**

Dear Parent / Carer,

We have been informed today that a person in your child's bubble is isolating at home because they have had a positive COVID test result. We have been advised to follow the national guidance to all schools which is to isolate the affected bubble.

**Therefore, your child and others in this bubble cannot attend school.**

**This means their first day back on site will be Thursday 8th October.**

We realise this is concerning for parents and the time your child needs to stay at home is inconvenient, but please be assured that we have acted quickly in line with our risk assessment and national guidance to ensure that the risk is minimised as much as possible.

### **Isolation**

We are asking you to do this to reduce the further spread of COVID 19 to others. If your child is well at the end of the period of self-isolation, they can return to usual activities.

Please keep your child away from other people as much as possible during this period.

Other members of your household (including other children) can continue normal activities.

Please let us know if your child develops symptoms during the self-isolation period.

Click this link to the Public Health England '[Staying at Home Guidance](#)'

### **Testing**

Your child **does not** need to be tested unless they develop symptoms during this period.

Even if they get a negative test they must remain at home until Thursday 8th October.

### **Education**

You will be shortly sent details of how your child's education will be continued throughout this period. We apologise for the inconvenience this causes but I know you will agree that your child's and the wider community's safety must come first, so thank you in advance for your support in this matter.

Yours sincerely,

*SANorris*
