

6/7/20

Remember that children at this age learn through play, so have fun! Involve your child in the things you are doing including household chores and cooking. Talk to your child about what you are doing, and encourage them to ask questions.

Our Learning Project this week is FEELINGS. Take a look at the activities in the Learning Project box!

Weekly Reading Tasks

- Read a variety of books at home. Favourites can be repeated. Hearing the patterns of language in a story will support your child's language development.
- You can find some online stories to read to your child here [Booktrust](#). This site also has some suitable games and activities. The Cbeebies website [Cbeebies Bedtime Stories](#) has some Bedtime Stories your child might enjoy. It is important that you watch and listen with your child so that you can talk to them about the story and explain anything they might not understand.
- You can find more stories here [StoryLine Online](#) or [Openlibrary](#). Look for stories starting at suggested grade level K or Kindergarten.
- Join in with your child when they are playing with their dolls, cars, trains, animals or super-hero figures. Talk about what their toys are doing and help your child to make up stories.
- Talk about your child's favourite stories, ask about the characters they like and what they like about them.
