

Week 16: 6th July 2020

How to support your child's learning: involve your children in the things you are doing such as household chores. Talk with your children, ask questions and encourage them to ask questions too. Have fun!

Activities - Here you will find activity ideas for things you can do at home with your child. Areas covered are: Reading, Phonics, Maths, Writing and Movement.

Curiosity & Learning Project - [Me and My Feelings](#) - Help promote your child's curiosity by exploring and learning about different music.

Video Storytime - Watch children's authors reading their books aloud [Video storytime](#).

[Free eBook library](#) - You can find books for your child to read to you on the Oxford Owl website, select 'My class login' and enter user name WDPSSREC and password WDPSSREC (choose age groups 3-4 or 4-5).

Matching Game - Ask your child to write out the tricky words they are working on at the moment on pieces of paper and turn them into a 'pairs game'.

Playdough - Make some playdough with your child and encourage them to stretch, pat, poke, roll, squash and squeeze the dough to develop strength in their fingers for writing. [Playdough recipe](#)

Matching Labels - Look around the house and/or garden. Write labels for the different objects found. Ask your child to read the word (support them if needed) and put each label with the correct object.

Drawing - Provide your child with pens, pencils or paint so that they can create a picture.

Writing - Ask your child to draw a picture and write about a story they have read or a TV show they have seen.

Encourage your child by providing them with lots of praise when they use their phonics knowledge to either write a few sounds, write some words or make marks. You can then ask your child to read their writing back to you.

A little note - Children don't always write in straight lines at this age.
