

SUMMER HOLIDAY HOMEWORK

WEEK 1 20/7/20

- Check that you know all of your times tables (up to 12x12) by playing TTRS, then fill in the grid provided.
- Read a book and talk to someone at home about your favourite character.
- Ensure that you can confidently spell the first half of the year 3 and 4 word list.
- Write a character description about your favourite book character.
- Go for a walk with your family in your local area.
- Create a self-portrait.

WEEK 2 27/7/20

- Make a fact file showing the names and properties of 2D and 3D shapes.
- Use Read Theory for at least 30 minutes.
- Ensure that you can confidently spell the second half of the year 3 and 4 word list.
- Write a poem about your family or friends.
- Learn a new physical skill (eg handstand, juggling, forward roll, cart wheel or riding a bike).
- Design and make a model (eg a new form of transport, maze, theatre or playground apparatus).

WEEK 3 3/8/20

- Complete the Test Base year 5 core arithmetic test.
- Listen to an audio book and write a book review (title, author, characters, basic plot and recommendations).
- Ensure that you can confidently spell the first column of the year 5 and 6 word list.
- Go for a long walk in a local park or green space.
- Make a collage using things that you have found on your walk.
- Help your parents with some chores around the home.

WEEK 4 10/8/20

- Use Sumdog for at least 30 minutes.
- Read a chapter of a book and predict what might happen next.
- Ensure that you can confidently spell the second column of the year 5 and 6 word list.
- Write a short fantasy story.
- Work on your strength to develop a skill (eg plank, wall sit, push ups or squats).
- Design and make a healthy dish.
- Make a poster, leaflet or presentation about a famous person.
- Do something kind for each member of your family.

WEEK 5 17/8/20

- Complete the Maths Watch arithmetic test.
- Write a blurb for the book that you are currently reading.
- Ensure that you can confidently spell the third column of the year 5 and 6 word list.
- Go for a brisk walk and time yourself. Do the same walk another day this week and see if you can beat your time.
- Make a travel leaflet encouraging people to visit somewhere you find interesting (eg the Galapagos Islands, Sahara Desert or Amazon Rainforest).

WEEK 6 24/8/20

- Write a maths journal to remind yourself of any key points when working with fractions, decimals and percentages.
- Use Read Theory for at least 30 minutes.
- Ensure that you can confidently spell the fourth column of the year 5 and 6 word list.
- Write a short mystery story.
- Go for a long walk with your family. Try to find somewhere new.
- Research a scientist or inventor from Africa or Asia and make a fact file showing their achievements.

WEEK 7 31/8/20

- Complete the Test Base year 5 extension arithmetic test.
- Using a text on Read Theory or an extract from a story, write three of your own questions (along with a mark scheme).
- Ask someone at home to test you on a random selection of words from both spelling lists.
- Count how many star jumps you can do in one minute. Do this every day this week. How many have you done in total? Which day were you able to do the most?
- Design a trophy, medal, certificate or award for yourself.

GOOGLE CLASSROOM

- Additional (optional) activities will be uploaded weekly.
- Any test answers will be uploaded at the end of the relevant week.
- You are welcome to share pictures and videos with each other.
- Inappropriate behaviour will not be tolerated and any perpetrators will be blocked.
- The classroom will continue to be monitored.
- I will try to reply to any direct messages but cannot guarantee that it will be on the same day.
- I will be unable to reset any login information, so use another website if needed.

These short and simple activities should help you to consolidate learning from this year and prepare you for year 6. There is minimal detail so that you can interpret many of the activities in your own way.

Be creative and have fun!
