

William Davies Primary School
Daily Learning Plan

Please do these activities at a time suitable for you and your child.

Learning for: Tuesday 15th December	Class: Nursery	Teacher(s): Mr Woodward / Mrs Yusuf
Communication & Language Personal Social Emotional Development	Literacy	Maths
Your child is learning:	Your child is learning:	Your child is learning:
To listen to stories with attention and to talk about what is happening in the story. To join in with the story and talk about what they think may happen next.	To mark make and give meaning to the marks they have made.	To fit shapes together to make a picture. To say the number names in order.
ACTIVITY	ACTIVITY	ACTIVITY
(20 minutes) Re watch the story I'm Sorry. Click on the link to watch and listen with your child.  https://www.youtube.com/watch?v=J08K8jbe60M	(20 minutes) Provide your child with paper or card, pens, pencils or felt tip pens and ask them to draw what they like to play with their friends. Ask your child questions: "Do you like to play outside or inside? Do you like to paint with your friends or play in the home corner?" Ask your child about the marks they have made. As they are telling you about them, write down what they are telling you.	(20 minutes) Choose some online puzzles to complete with your child. Praise them for trying. Jigsaw puzzle Doing jigsaw puzzles helps children develop their understanding of shape and space, which is a part of maths learning. Choose some counting songs from below and sing along to them with your child. Counting songs

<p>Watch again, and pause the story to talk about what is happening.</p> <p>Talk to your child about how the boy and girl feel at different points in the story.</p> <p>Talk to your child about when they feel happy or sad. What makes them happy?</p> <p>Talk about what they can do if someone makes them sad, or if someone else is sad.</p>		 <p>Use your fingers to count and encourage your child to copy your actions, whilst singing the songs.</p>
<p>How can I help my child?</p>	<p>How can I help my child?</p>	<p>How can I help my child?</p>
<p>Watch and listen with your child.</p> <p>Comment on what is happening in the pictures. Ask your child what they can see in the pictures, and what they think is happening.</p> <p>Talk to your child about the parts of the story you enjoyed. Ask them about their favourite part.</p>	<p>Try not to paint or draw for your child. Ask them about the marks they make. At this age, children's drawings are not clear and they may just make lines and some shapes like this.</p>  <p>That's fine! Praise your child and ask them to tell you about their marks.</p> <p>When they are in Nursery, children are still developing their pencil grip. Don't worry if your child uses a pen or pencil like this child.</p>  <p>As their fingers get stronger, they will be able to hold a pen or pencil between them. Show them how, but don't make them -- that might put them off writing!</p>	<p>Children in Nursery are beginning to learn the number names so don't worry if they sometimes forget the order!</p> <p>If you have building blocks or lego, give your child lots of opportunities to play with these toys. This kind of play helps develop your child's understanding of shape, size and space.</p> <p>Count as part of your daily routine Comment and count with your child eg "I need 2 spoons 1,2." If you have stairs, count as you go up and down. When you are serving food, count the spoonfuls. If you are tidying up toys, count as you put each toy away.</p>

Try yesterday's finger strengthening exercise again. If you make a few paper balls, you can take turns throwing them at a 'target'. This helps hand-eye coordination.

Give your child a sheet of paper -- newspaper works really well -- and ask them to scrunch the paper into a ball with one hand like this.

In addition to the above activities, play is very important for your child's learning. [Click here for some ideas to help you with this.](#)

Every day, encourage your child to select and play with the toys they choose for at least 2 hours, play alongside them and comment on what they are doing eg "the car is going over the bridge"

Play with your child but let them be in charge of the play.

Use [exercise videos](#) like this, to help your child stay active.

At nursery, at the end of each day we follow [Monkey Yoga](#). We use this time to focus on our breathing and reflect on all the fun activities we did at nursery.

Limit the time your child spends on electronic devices and always monitor what your child is accessing online.

Read a variety of stories with your child, use your finger to follow the flow of the words, take a look at [Booktrust](#) for a variety of stories to read online.

It is important to remember that children learn through play, and by following their own interests. Give your child choices and play with them!
