

William Davies Primary School  
Daily Learning Plan

Please do these activities at a time suitable for you and your child.

<b>Learning for:</b> Wednesday 9th December	<b>Class:</b> Nursery	<b>Teacher(s):</b> Mr Woodward / Mrs Yusuf
<b>Communication &amp; Language Personal Social Emotional Development</b>	<b>Literacy</b>	<b>Maths</b>
<b>Your child is learning:</b>	<b>Your child is learning:</b>	<b>Your child is learning:</b>
To listen to stories with attention and to talk about what is happening in the story.  To join in with the story and talk about what they think may happen next.	To mark make and give meaning to the marks they have made.	To count small groups of objects (1-3, 1-5, 1-10).  To say the number names in order.
<b>ACTIVITY</b>	<b>ACTIVITY</b>	<b>ACTIVITY</b>
(20 minutes)  Remind your child of our story Full, Full, Full of Love. Click on the link to watch and listen with your child.    <a href="https://youtu.be/nsSU5PEs-jc">https://youtu.be/nsSU5PEs-jc</a>	(20 minutes)  Provide your child with paper or card, pens, pencils or felt tip pens and ask them to draw a picture of their favourite food. Can they draw a picture of themselves eating the food?  Ask your child about the marks they have made. As they are telling you about them, write down what they are telling you.	(20 minutes)  Choose some counting songs to sing with your child. <a href="#">Counting songs</a>  Repeat yesterday's game with your child (use any small objects you can find):  Take five cups and turn them over. Place different quantities of objects 1-5 under each cup eg 3 buttons under one cup, 4 beans under another. Take turns with your child to pick up a cup and count the objects underneath.

<p>Talk to your child about the different types of food the family eats in the story. Talk about which food is healthy, and which food we should save for treats! Share this short book about healthy food with your child. <a href="#">Our Good Food</a></p> <p>Talk to your child about the questions asked in the book eg “What other fruits do you eat?”.</p>		 <p>You can play a guessing game by asking your child to guess how many objects they will find under the cup.</p> <p>If you have made the playdough, you can play a counting game with it.</p>  <p>Write the numbers and draw the circles, then help your child to make playdough balls to put in the circles.</p>
<p>How can I help my child?</p>	<p>How can I help my child?</p>	<p>How can I help my child?</p>
<p>Watch and listen with your child.</p> <p>Comment on what you can see in the pictures. Ask your child what they can see in the pictures, and what they think is happening.</p> <p>When you ask your child a question, give them plenty of time to think and reply.</p>	<p>Try not to paint or draw for your child. Ask them about the marks they make. At this age, children’s drawings are not clear and they may just make lines and some shapes like this.</p>  <p>That’s fine! Praise your child and ask them to tell you about their marks.</p> <p>When they are in Nursery, children are still developing their pencil grip. Don’t worry if your child uses a pen or pencil like this child.</p>	<p>Model counting to your child. Touch each object as you count and say one number name as you touch each object. Model picking up each object and moving it as you count.</p> <p>Children in Nursery are beginning to learn the number names so don't worry if they forget the order! Children in Nursery are only just beginning to recognise the numbers, so don’t worry if they don’t know them.</p>

As their fingers get stronger, they will be able to hold a pen or pencil between them. Show them how, but don't make them -- that might put them off writing!

Playing with playdough will help develop your child's finger strength. Make some playdough together -- here is the recipe [Playdough recipe](#). Encourage your child to roll, squeeze, stretch, pat and poke the dough.

In addition to the above activities, play is very important for your child's learning. [Click here for some ideas to help you with this.](#)

Every day, encourage your child to select and play with the toys they choose for at least 2 hours, play alongside them and comment on what they are doing eg "the car is going over the bridge"

Play with your child but let them be in charge of the play.

Use [exercise videos](#) like this, to help your child stay active.

At nursery, at the end of each day we follow [Monkey Yoga](#). We use this time to focus on our breathing and reflect on all the fun activities we did at nursery.

Limit the time your child spends on electronic devices and always monitor what your child is accessing online.

Read a variety of stories with your child, use your finger to follow the flow of the words, take a look at [Booktrust](#) for a variety of stories to read online.

**It is important to remember that children learn through play, and by following their own interests. Give your child choices and play with them!**
