Use the word mat below to help you talk about the story of [Rosie's Walk](#).

Singing time with [Mr Woodward](#)

“zero” and count up to five objects at first. Make sure your child touches each object and says the number name when they count.

How can I help my child?

Encourage children to take the lead when talking about their experiences or the story.

If the child can not recall all the events from the story praise them on the parts they do remember.

Model sentences to your child, “Rosie the hen went on a walk”, “The fox fell into the pond”

How can I help my child?

Try not to paint or draw for your child. Ask them about the marks they make.

At this age, children’s drawings are not clear and they may just make lines and some shapes like this.

That’s fine! Praise your child and ask them to tell you about their marks.

When they are in Nursery, children are still developing

How can I help my child?

Help your child practise showing the different numbers to 5 on their fingers. Children may find this a little tricky at first because they are still developing their finger strength.

their pencil grip. Don't worry if your child uses a pen or pencil like this child.

When children play with playdough they are building up strength in their arms, wrist, hands and fingers. The act of squishing, rolling, flattening, poking, squeezing and pinching can help your child to develop the muscles needed to write at a later stage.

[Playdough](#) recipe.

Touch each object as you count and say one number name as you touch each object. Children in Nursery are beginning to learn the number names so don't worry if they forget the order!

In addition to the above activities, play is very important for your child's learning. [Click here for some ideas to help you with this.](#)

Every day, encourage your child to select and play with the toys they choose for at least 2 hours, play alongside them and comment on what they are doing eg "the car is going over the bridge"

Play with your child but let them be in charge of the play.

Use [exercise videos](#) like this, to help your child stay active.

At nursery, at the end of each day we follow [Monkey Yoga](#). We use this time to focus on our breathing and reflect on all the fun activities we did at nursery.

Limit the time your child spends on electronic devices and always monitor what your child is accessing online.

Read a variety of stories with your child, use your finger to follow the flow of the words, take a look at [Booktrust](#) for a variety of stories to read online.

Play is our brain's favorite way of learning!
