<p>Listen to your child read. Encourage them to engage with the teacher whilst watching the videos.</p> <p><i>Remember they can always use the speed sounds in their reading record to practice the sounds at any time!</i></p>	<p>We are moving on to counting to 40 this term, but if your child isn't secure with counting to 20, then please continue practising number to 20 as well. In this <a href="#">question</a> there are no ones so it's 40 and 0 make 40. Please watch the videos to help your child with the other questions.</p>	<p>Listen to the story with your child. Flip through these <a href="#">slides</a> to help find the answers. If you have this story book at home, then you can use that instead.</p>	<p>Pause and rewind the video so that your child can learn the routine and follow the instructions at their own pace. This is a fun activity for all the family to join in with.</p>

**In addition to the above activities, exercise is very important for your child's health and wellbeing.**

**Limit the time your child spends on electronic devices and always monitor what your child is accessing online.**

**Please don't forget to complete the 'Daily Response' form each day and send pictures to the school email - [photos@williamdavies.newham.sch.uk](mailto:photos@williamdavies.newham.sch.uk)**

**You can also share your child's work on Google Classroom. The login details are inside their school reading records.**
