<p>Listen to your child read. Encourage them to engage with the teacher whilst watching the videos.</p> <p><i>Remember they can always use the speed sounds in their reading record to practice the sounds at any time!</i></p>	<p>Use objects at home to show your child a comparison between the numbers so they can see which one is greater/smaller. You can even draw tens and ones dienes (base ten blocks) to give your child a visual representation of the numbers.</p>	<p>An adjective is a word that describes a noun (the name of a thing or a place). Here is a link to the story (this one is an animated film) to help your child remember the sequence of the events.</p>	<p>At William Davies we think that Music is an important part of your child's learning. Please support your child by learning the songs with them and practicing any chance you get. Enjoy!</p>

In addition to the above activities, exercise is very important for your child's health and wellbeing.

Limit the time your child spends on electronic devices and always monitor what your child is accessing online.

Please don't forget to complete the 'Daily Response' form each day and send pictures to the school email - photos@williamdavies.newham.sch.uk

You can also share your child's work on Google Classroom. The login details are inside their school reading records.
