

Read a story

Read a story to a family member. Talk about what happened in the story and what was your favourite part?

Draw a picture

We are all going back to school on Monday! What are you looking forward to doing at school? Are you looking forward to seeing your friends and teachers? Or playing with your favourite toys?

Draw a picture of what you are looking forward to and write a sentence.

Shape hunt

Go for a walk outside or have a look around your house, can you spot any shapes?

Have a look at windows, doors, clocks and other objects, what shapes are they? Are they a circle, triangle, rectangle or square?

Get outside

Go outside and get some fresh air. You could visit the park, or take a walk and count how many daffodils you can see.

Perform a song

Get creative and make some props to go with your favourite song. Use objects around your house as musical instruments, such as pots and pans or put rice/pasta in containers. Now perform to your family!

**See you
in school
on
Monday!**

SCREEN-FREE FRIDAY!

Today we are going to take some time away from our laptops, tablets, I pads and phone screens. Choose four activities to complete. You can send photographs of your work to
photos@williamdavies.newham.sch.uk
